SEIS

A large, dark grey number 7 is shown with a dashed white line for tracing. The number is styled as a road. At the top left, a yellow and blue car is on the road. A dashed line with the number '1' and an arrow points from the car to the right. At the top right, a traffic light is on the road. A dashed line with the number '2' and an arrow points from the traffic light down and then diagonally down to the bottom left. At the bottom left, a red octagonal stop sign with the word 'STOP' is on the road. The entire scene is enclosed in a red border.

SIETE

A large, dark grey number 8 is shown with a dashed white line for tracing. The number is styled as a road. At the top left, a yellow and blue car is on the road. A dashed line with the number '1' and an arrow points from the car to the right, then curves down and around the top of the upper loop. At the top right, a red octagonal stop sign with the word 'STOP' is on the road. A dashed line with the number '1' and an arrow points from the stop sign to the left, then curves down and around the top of the lower loop. In the center of the lower loop, a traffic light is on the road. The entire scene is enclosed in a red border.
